Shana Ryan, 23

Ms. Ryan is a third-year medical student who began mentoring a Walnut Hills High School student two years ago. That student recently graduated from Walnut Hills High School and was accepted in the Engineering College at UC. At UC, Ryan was treasurer of MedVouc (medical volunteers of UC), a group of first and second year medical students who volunteer their time at the local women's shelter and Drop Inn Center. While an undergraduate at Wittenberg University, Ryan researched the use of electron microscopy in evaluating lung cancers. Ryan is interested in oncology and completed an eight-week introduction to oncology program in 2002.
